

# I'M NOMAD TRAVEL AGENCY

Adventure \* Culture \* Nature

Central Asia - Kyrgyzstan

Horse riding in Kyrgyzstan  
03 – 12 days.

Transport : A/C, total  
1030km.

Trip season: From June till  
September.

In these Celestial Mountains are lots of amazing mountainous lakes. Chatyr Kul Lake is an alpine lake in the Tian Shan Mountains, the name which means The roof lake in Kyrgyz. I'm Nomad team in this program invites you to discover the Chatyr Kul Lake. This is the furthest, isolated and unexplored part of Kyrgyzstan. Chatyr Kul is located near the border with China. Also, it is an ancient caravan route of the 14th century passing through the fortress of Tash-Rabat. The program allows you to discover the unique region, which is still savage.

## Program:

- |              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                |
|--------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------|
